

STUDENT PLANNING WORKSHEET

Please refer to Program of Studies for additional information.

	GRADE 9	GRADE 10	GRADE 11	GRADE 12
ENGLISH (4 credits)				
MATH (3 credits/4 years of a math experience)* (to include an algebra credit) *Students must have a math experience each year of high school beginning with the class of 2019. Please see Program of Studies for a list of courses that fulfill the math experience requirement. Unless specifically noted, a designation of math experience does not imply that a course outside of the Mathematics Department fulfills the 3 credit math graduation requirement.				
SOCIAL STUDIES (3 credits)	World History	US History	Civics Economics	
SCIENCE (2 credits)	Freshman Science	Biology		
HEALTH/PE (1.5 credits)	Health (one semester) PE I (one semester) OR Wellness	PE II Selection: Select one: (one semester) Lifetime Activities Team Sports Walking for Wellness Women's Fitness		
COMPUTER (.5 credit)* * Beginning with the Class of 2019, students must earn a ½ credit in Information Communication Technologies while in high school. Students can earn the credit by enrolling in one of the approved computer course offerings in the Business & Computer Technology Department or through the completion of a digital portfolio. The purpose of the portfolio is for students to demonstrate that they have met the technology standards through different artifacts produced over the course of their high school career that demonstrate proficiency in 21 st Century skills. Please see Program of Studies for a list of courses that fulfill the computer requirement.				
RESTRICTIVE ELECTIVE (Arts) (.5 credit) At least ½ credit from any of the following areas: Art (all Art courses) Music (all Music courses) Graphic Arts (<i>Desktop Publishing, Exploring Graphic Arts, Computer Graphic Design, Basic Video</i>) Basic Video				
GENERAL ELECTIVES (9.5 credits)
